WORK EXPERIENCE

BigglesBooks Pty Ltd (Botswana) - Freelance Mobile Developer

OCTOBER 2019 – PRESENT

Full-Stack development of an eBooks App targeting Android & iOS platforms. I cut development time and development costs by 20% through use of Google Flutter and Google Firebase technologies as well as automated tests and a pool of real beta testers.

Griffin Security Solutions (Harare) — Surveillance Software Development & Integration

MAY 2016 – DECEMBER 2018

Developed custom mobile surveillance software for parents to remotely monitor their kids' activity at kindergarten facilities. Used the RTSP protocol to integrate with any existing IP CCTV system. The kindergarten owners registered a growth in parents' experience and comfort in their service at a time when incidents of school kids being kidnapped were rife in various primary schools.

Astro Mobile Africa (Harare) — Software Development Intern

MAY 2014 – AUGUST 2015

Android Native development, Java SE desktop app development using Agile project management and collaboration tools like Asana and GitHub

EDUCATION

University of Zimbabwe, Harare — Bsc (Hons) Computer Science

AUGUST 2012 – JUNE 2017

Programming Languages, Data Structures & Algorithms, Artificial Intelligence, Cybersecurity, Operating Systems, Computer Networking, Business & Entrepreneurship for Scientists, Database Concepts, Discrete Maths, Computer Graphics.
